

## SCHOOLS MENACED BY INADEQUATE PAY OF CLERICAL FORCE

Board of Estimate Takes No  
Action On Etinger's Re-  
quest for \$85,000 Fund.

William L. Etinger, Superintendent of Schools, declared today that the whole school system of the city is menaced because of the failure of all efforts to obtain adequate pay for the administrative force, the staff of clerks and stenographers of the Department of Education.

At his request the Board of Education yesterday asked the Board of Estimate for an appropriation of \$85,000 to be used in the coming year for the payment of larger salaries to the administrative force. But the request was "nipped."

"Stenographers," said Mr. Etinger, "get only \$720 a year and the clerks get only \$620. Naturally large numbers of them are resigning. Some increases were provided for in the 1919 budget, but they were paid for only a brief period before Comptroller Craig stopped them on the ground that the appropriation had not been properly made."

"We asked the Board of Estimate to permit a doubling up system whereby

the office workers who did not resign should do the work left vacant in addition to their own and should receive the salaries that went with the extra work. But the Board of Estimate would not permit this.

"Now we are threatened with another exodus of our administrative force. We are facing a critical situation. The administrative force is as necessary as the teaching force for the efficient operation of the schools. We cannot expect to maintain any degree of efficiency without the proper number of clerks and stenographers. But we cannot expect our clerks and stenographers to remain for salaries which were small enough even before the alarming increase in the cost of living."

American Federation of Labor to Meet in Montreal

MONTREAL, Dec. 22.—Frank Morrison, Secretary of the American Federation of Labor, has notified labor circles here that Montreal has been selected as the Federation's 1920 convention city.
